MILITARY

10940

G. Walter Clarke, son of John Clarke, Brampton -

Served in Spanish American War, S.African War, Great War,
Record in Clark F.H. Folder -

Is record in detail of above in Military work.

RE: A.R. CLARKE Memorial Hall, Pt.Credit

10941

Family History Folder gives very little information on A.R.Clarke family in Peel Co. or Toronto, other than the fact that Mrs. Clarke donated the Hall at Port Credit. A.R.Clarke was drowned on the Lusitania..

As they are well known generally, have we more information in the office, or do we wish to secure any.

Mrs. W. Lytle of Toronto is a daughter.

As nearly as I can reconcile dates, she died in 1860 at the age of sixty-three, at her daughter's in Toronto, Canada. Her children were all born in New York.

(a.) Wesley, born Apr. 1, 1817, was her oldest child. He left Canada in 1873 for St. Louis, and had a varied experience for many years in Illinois, Wisconsin, Minnesota, Missouri, and Texas.

(b.) James Washington, born Dec. 25, 1818, the second child, left Canada in 1839, and married Margaret J. Rutledge, his cousin, Robert Rutledge's family had removed from Canada and settled there some years previously.

Filial affection requires that I give to these pages, at least briefly, a view of my father's traits as displayed in the sacred precincts of his home. Many men who are eminent on account of their achievements in public or intellectual life; even those who perform mighty deeds for humanity, and are named among the "world's heroes"--fail, seemingly, in their domestic associations.

PAT CLARK WON OUT IN ORATORY CONTEST

Brampton, March 28.—Pat Clark, representing Grace United Church Young People's Society, won the oratorical competition at Baptist church last night, during the joint meeting of young people's societies of the town. Don Marshall, St. Paul's; Margaret McClure of the Presbyterian church; Donald Ewles, Baptist, and Chas. Giles, Anglican, were the other contestants. "The Crisis in Manchuria and Its Relation to the British Empire" was the test subject. St. Paul's Y.P.S. presented other items on the program. Percy Battershell was chairman. The judges were Rev. Wm. McDonald of Galt and Rev. C. S. Jones and Miss Barnaby of Cooksville.

Pleading guilty to a charge of reckless driving arising from an accident on No. 10 highway south of here about a month ago, in which a woman was hurt, J. W. Mallabar, Toronto, was fined \$10 and costs in police court.

Mrs. R. W. Lowry entertained members of the Brampton Literary and Travel Club at her home yesterday and Mrs. T. W. Martin and Mrs. W. W. Barclay gave papers on "Romance of Money." Vocal and instrumental numbers were given by Mrs. C. M. Corkett, Mrs. F. K. Prouse, Mrs. Wm. Sanderson and Mrs. W. G. Fulton.

Dot Clark and Margaret Marsden were winners of the ladies' doubles in a badminton tournament last night under the auspices of the Old Countrymen's Club. In the gentlemen's doubles W. T. Beeby and Roy Ingram won.

// We regret to record the death of Mr. John Clarke, of Albion, who died suddenly on the 28th. ult., in the 64th year of his age. He had gone in company with his son to transact some business in Bolton village and left home in apparently good health. While in conversation with some friends he fell down and immediately expired, it is supposed of heart disease. During his life he was a hale, hearty man, and much respected by all who knew him. He was one of the "old settlers" having come to Canada in 1834. He was a member of the Church of England. His remains were followed to the grave on Tuesday by a large number of mourning friends and acquaintances.

Born in Bolton, lot 14, concession 8. Has one sister Evelyn, living above Palgrave, she is married. Has four brothers all-living.

Tom at Lloytown, around 60

John, 62 lives lot 14, concession 8 on the old home-
stead.

George, 55

Frank, died when he was young about 35 was only a half-brother.

His father's name was George, and he married twice.

His first wife's maiden name was Scott, they had only the one son, Frank.

The second wife's name was Mary Jane McAfee, she has been dead about 23 years. She was 72 when she died.

Mr. Clark's father died five years ago. He was born near Toronto in Etobicoke. (his father). Mr. George Clark was 94 when he died.

Mr. R. Clark was the oldest of the family, and is almost 64. His grandfather came out from Yorkshire. His name was Thomas.

32 years old

Mr. R. Clark has three children, Lietta, married Wilson Bowles, who is fond of singing.

Noreen, Mrs. Irwin (Irvine?) Little, lives in Brampton and has one boy, Wyme (spelling?) She is 27 years old Viola, not married 22 years old.

Mr. Clark lives in Bolton now. He remembers the time when people were glad to get 4.10 a head for pigs and now they grumble about the depression when they get 25.00 He did mixed farming on his old farm, grew wheat, oats and barley, buckwheat, etc.

He is a Presbyterian, and attends Bolton United Church. His wife's father's name was Robert McAfee of Castlederg.

There was a Temperance Lodge in Bolton started before I can remember, and ended about 35 years ago.

Agricultural Societies.

The fair was never held at Sandhill within his knowledge which runs back 45 years. There were no street fairs. The present site was always used for the fair along side the original site. Was bought and added 20 years ago.

A new hall was built about 22 or 23 years ago because the old one was too small and a new grand stand went up about the same time.

He remembers no name but the name Bolton and Albion Agricultural Society.

Organizations.

He was a member of the Castlederg Grange .

It didn't run a co-operative store but the farmers went together and got car-loads or half car-loads or other large lots of salt, tea, etc.

They had regular monthly meetings at which they discussed the orders, etc.

The Patrons of Industry succeeded the Granges but were very much the same.

The U. F. O. had a good foothold here.

Plowing Matches.

The first plowing match I remember was on George Bower's farm, lot 12, con. 9, about 45 years ago.

Sports.

Castlederg had a football team about 30 years ago, mostly made up of Downeys. Families ran in groups in those days. They were all Monkmans on my concession. Caledon East was about as far as our football team ever went for games.

There was a Literary Society at Castlederg about 40 years ago which ran for about 15 years. They used to have debates on all sorts of subjects, humorous and serious. spelling matches. etc.

Interview with Mr. G. W. Clarke,
20 June, 1933.

11007

My father was born in Chinguacousy. His name was John Clarke. He was a Conservative, and entertained Sir John A. Macdonald the last time he was through the country campaigning in, I think, 1885. He (my father) was president of the Conservative association of the County of Peel. He was organizer for years for the party. He was clerk of the Division Court, and J.P., alderman and school trustee, and Warden of the Anglican Church in Brampton.

My father and Thomas Morphy bought the English Church building that is now in Brampton. The old English Church was up north of the present one. The first stained glass window was put in this church by Mrs. Thistle (Hughes & Thistle). My father worked once in Hughes & Thistle grocery store.

My father lived as a little boy near Springbrook, and later came to Toronto to live with his grandmother at the corner of Elm and Centre Sts. He went to the old school on the corner of Simcoe & King Sts. He and Col. Otter were great school pals. Then, in 1860, he went to Quebec, and took his civil service examinations, then he came back and worked in a grocery store on the corner of King and Bay Sts. Later he moved to Guelph.

Col. Otter was the second last, and my father was the last of the old original members of the fire brigade that had its headquarters on Temperance and Bay Sts.

My mother was Arabella Riley from Fermanagh, Ireland. There were thirteen sisters in her family, not a boy. Some of the sisters married into the Haggerts, Elliotts and Clarksons. My father married 2 sisters.

His first wife was Sarah Riley, and his second wife, Arabella, was my mother.

Arthur Clarke died in South Carolina, where he had a plantation at Plantersville, S.C. — (*Doctor*)

Walter Clarke, son of John Clarke.

I was born in Brampton, in 1881, on Queen St. right next to the post-office. I went to Miss Hannister's private school. Then I went to public and high school, then for a trip around the world.

When the Spanish-American War broke out I was in Boston. I enlisted in the First Regiment of Heavy Artillery, Battery "C" under Col. Paffe. I went to Chickamauga, then on to Cuba. I was with the detachment that brought back Admiral Cervera and his officers after they had been captured, to Boston. I got my unconditional discharge there. It contained the phrase, ~~~~~

I came up here and joined the Mounted Rifles under Col. V.A.S. Williams. I enlisted in Guelph, in April 1900, for the South

African War. We went out on the Cestrian, having waited a month in Halifax for our remounts. We were 29 days crossing. Buried 100 horses and 2 men in the sea. Of the 18 trips that Captain Thomas made this was the worst. We ran 117 miles out of our course. We finally landed at Durban and led our horses ashore, camped for a week or two and then went up into the country. In Pietermaritzburg the first person almost I met was Tom Webster's brother, a man from Brampton, who was a very wealthy and prosperous man in this part of the world. It made the world seem small. While I was in Durban I went to a show, called The Sign of the Cross, and the leading lady was a daughter of Major Sprinkes of Toronto, whose brother was one of my officers. We had a few brushes with the Boers, and then the war was over and I came back to Brampton.

Others who were in the Boer War were Brig. General Stewart, Stratheona Horse, and Jack McCulla, Stratheona Horse. Seymour Nixon who served under General Otter.

I received my discharge in 1904.

My uncle, Col. George Evans, of Bolton, ^{was} commandant at Stanley Barracks in 1902, and I served with the 36th Peel Regiment from that time, and got my long service medal, for 21 years continuous service. I am now carrying five decorations, The South African medal, long service medal, and three from the last war.

After the South African War I went from here to El Paso, Texas, and when a revolution developed in Mexico, a lot of us enlisted to fight 'agin the government," down near Juarez. We were paid in Mexican dollars, had almost more than we could carry, but they would buy very little. We would enlist with one force, get paid, desert, and re-enlist with another detachment, gradually working our way to the Border. The above is just a side-light and not for publication.

I was in Plantersville, S.C. when the war broke out in 1914. I was in the Elks Club on the night of August the fourth when I heard war had been declared. I sent a telegram to Col. Balcock at Brampton reading "Wire when and where to enlist." The answer came back, "Mobilizing here, report Thursday." I was there on Wednesday afternoon, and into uniform, and was the first man in the County of Peel to lead a detachment of men out of the County of Peel led by the Brampton Band, for the Canadian Overseas Expeditionary Force. That event took place on the 7th of August, 1914.

We went to Ravina Rink and stayed there until along about the last part of August, and then with the first contingent went into training at Valcartier, which was the most modern camp in North America. We sailed on the Tyrolia. There were 33,000 men left in 33 boats. This was the largest convoy to cross in the history of the War, and under the

protection of the guns of the British Navy we never lost a dog, man or gun. On the way over we were met by a French battleship advising us that our destination was to be Southampton instead of Plymouth. 12 submarines waited for us at the entrance of Plymouth Harbour it seemed. 11 of these were captured. We went to Salisbury Plains and camped there till the 11 of February, 1915. Then we went into France, via Bristol and Avonmouth and Ste. Lazaire. We went into action as reserve supports to the Princess Pats at St. Eloi. We were at Fleur Bay, St. Juilian, Festubert, Givenchy. We went in 1000 strong and 72 answered roll call. I was wounded in my shoulder, , lost the sight of my right eye, ear drum pierced, legs filled with shrapnel. This was at Fleux Baire (?) and St. Julian. I was wounded at about 5 A.M., lay out all day, with shells popping over me. A shell bursting near me was what did the worst damage to me.

I was sent first to Rouen, to the hospital in the Cathedral, then to Nettley Hospital in England, then to Lanark in Scotland. I was under close observation for T.B. and also after my return to Canada for 6 or 7 months. Then discharged as medically unfit and pensioned. After my return I was used as a speaker both in the United States and Canada. I spoke for Ex-President Taft in his Red Cross work, and also was on the Chatauqua programs as a lecturer.

In 1918 I went to work in the City Hall, in the Works Dept.

John Clarke is dead. He passed away at the residence of his son, Walter Clarke, in Toronto, at 2.30 this (Thursday) afternoon, at the ripe age of 90 years and ten months.

The funeral will take place on Saturday at 2.30 from the undertaking parlours of the Brampton Funeral Service.

card
John Clarke was a son of Robert Clarke, who came to Ontario from the North of Ireland, settling in Esquessing Township. It was in his father's log-built farm house that Mr. Clarke was born and it was from there that at the age of twelve years he went to Toronto to finish his schooling, at the Old Model School, then situated at the corners of King and Simcoe. In those days, Toronto lay between the narrow confines of the waterfront, Simcoe, Sumach and Carlton. Beyond Carlton was the bush, miles of it, into which the most venturesome youngsters rarely ventured.

Equipped for life by the education of the day, Mr. Clarke went into business engaging as clerk with a well-known grocer of the day, ~~██████████~~ and receiving \$5.00 per month as salary. While living in Toronto he joined the Toronto Fire Brigade, then consisting of 60 members and recalls some of the historic fires of the early days.

11016

There was then but one fire hall situated at Bay and
Temperance Streets and church bells summoned the
firemen to duty, there being no bell on the fire hall.

Coming to Brampton as a very young man, Mr. Clarke
went into business for himself and located on the
south west corner of Main and Queen, where the present
Bank of Montreal is situated. Mr. Clarke was a member of
the Town Council and the schoolboard. He was a member
of the Orange Lodge as was his father before him. ✓

During his long residence in Brampton he was a member of the
Anglican Church, bearing important offices in the
church in the earlier days. He was for 18 years Division
Court Clerk of Brampton and a life long conservative.

Mr. Clarke is survived by one son, Walter of Toronto.

John Clarke Celebrates 89th Birthday today

Congratulations are in order to John Clarke, who to-day celebrates his 89th birthday at the residence of his son Walter, at 43 Lola Road, Toronto. Asked this morning as to his father's health, Walter stated to The Conservator: "Dad's hale and hearty, was up at 7.30 this morning and is stepping around like a two-year-old."

Mr. Clarke was born in Chinguacousy, Peel County on February 9, 1839 and was educated at the Normal School Toronto when it was situated at the corner of King and Simcoe Sts. For a number of years he was engaged in the retail business in Brampton and was a member of town council and board of education. Mr. Clarke has been a life-long Conservative and a member of the Anglican Church. He is a member of A.F. and A.M. Ionic No. 229 a charter member of the Antiquity Chapter L.O.L. No. 5, Scarlet Chapter and the Derry West District R.B.P. For a number of years previous to the removal to Toronto he was clerk of the First Division Court here.

IMPROVEMENTS. We are pleased to note the fact that through the enterprise of our friend Mr. J.P. Clark, the Masonic fraternity will shortly have a lodge and suite of rooms for the use of their order second to none west of Toronto. The Lodge Room is 25 x 44, with a beautiful double arched ceiling 18 feet high, suitably finished, and other rooms 33 x 44, occupying the whole upper flat of his fine three story building, now almost finished. On the second story there will be a room 25 x 30, with two smaller rooms off, to be used as a general room for the use of the public, and a room 20 x 30, with two smaller rooms off, which is let and being fitted up for the society to be known as the Philharmonic and Literary Club, composed of respectable young men who purpose meeting every evening therein to improve their time during the winter evenings by way of music, readings, recitations etc. The ground floor is occupied, one half by THE BRAMPTON PROGRESS, the other by Dr. Moore, as his Surgery, and Mr. J.P. Clark, as his law office. The building is now admired by all, and when finished will have the best appearance of any in town. It will be a credit to the owner and its builders, Messrs. Perry & Dodd.

JOHN CLARKE (DIED 2ND JULY 89)

On Tuesday, 2nd July 89, Mr. John Clarke of this town died very suddenly. Mr. Clarke was one of Brampton's oldest residents, having lived in the town for about 45 years. Many years ago he carried on a blacksmith's shop and by dint of hard work and economy, saved enough to render him comfortable during his later years. Mr. J. P. Clarke of Toronto, is the oldest of his children, and is regarded as one of Toronto's wealthy men. Deceased is survived by his wife, to whom he was married 47 years. With his wife he came to Brampton on the 11th July 1842, from Co. Armagh, Ireland. They were married in Clarksbridge Church, Armagh, the 18th Feb. just previous to their departure for America. When they arrived in Brampton there were only ten families in the village. Mr. Clarke was for several years a member of the village council, and at the time of his death was in his 76th year.

Dear Mr. Wilson:

Let me thank you for your very kind and most helpful
reply to my letter.

I am writing Ottawa as to ⁴Charleston.

Do you happen to know why it was called Charleston?

If my memory serves me right, I think I have heard
that it was after a man by the name of
Charles Johnston.

Was there any prominent settler there named Charles?

There was a colored man by the name of
Charles Stewart (or Steuart).

Was George Bell , the first Post Master, a store-keeper
or farmer?

Farmer.

Did the people ask the Government to change the name,
or did the Post Office Department change it without reference
to the people?

The people asked for the change.
On account of mail going to another Charleston.

How did he happen to pick on the farm he did?
The early settlers all made for the high lands.

Or did he come to join your Grandfather, who had come out earlier?

I always understood that my Great Grand Father came out with my Grand Father and his family.

Do you happen to have a copy of any newspaper clipping with reference to him at the time of his death? Or before?

My Great Grand Father's grave stone bears the following inscription

Would it be too much trouble, please, to have someone copy for me exactly everything that is on the monument in your family plot with reference to any member of your family?

See sheet #3.

Tell me, please, if there are any other monuments there with inscriptions that I should have copied.
There are some pretty old stone in Caledon Cemetry.
A number of the early settlers are also buried in St. Andrews Cemerty 4th line East Caledon.

Now as to a delicate matter:

I have before me "Memoirs of a Great Detective", in which chapter twenty-two is headed "Pretty Mary Ward Of The Government Garden".

The chapter is a detective story of Ebenezer Ward courting and marrying this girl, and taking her to his home in Caledon, and then murdering her in 1876.

It is a very gruesome story.

I don't wish to mention any names if there is a chance of wounding innocent, present-day members of the family.

Of course the History should give a summary of the seamy as well as the bright side of the history.

But I will do it without mentioning any names, and as lightly as possible if there are relatives still living in the district.

I think you will understand me.

Please tell me just what course I should follow under the circumstances. There are still some members of the above family living over by Caledon East.

What about Orangeville? Named after one Orange Lawrence.

Is any part of the town within the County of Peel?

Yes. The C.P.R. Station and part of the south of the town.

(cont'd)

11037

Do many of the people from the north end of Peel attend High School at Orangeville?

Yes.

Is there any financial or other connection between Peel and the Orangeville High School?

County pays so much per pupil.

Do our Peel children pay more for attending Orangeville High School than the Dufferin children?

Same rate.

Re your enquiry of April 6th last, I have written to my Mother who is now in Powassan to see if I can obtain some definite information. Will write you again latter.

Thanks for help already given.

Yours faithfully,

CHARLES CLARK

Charles Clark has been the recipient of hearty congratulations from friends in the north of Albion on the attaining on Sunday (October 9th) of his 93rd birthday. Born on the fourth concession of York, not far from Weston, Mr. Clark has been continuously a resident of Albion for 82 years, moving from York at the age of 11. His father, Thomas Clark, was a native of Lincolnshire, coming to York in July, 1834, where he engaged to clear 30 acres of bushland for a veteran of the Peninsular War named Sanders.

THE PEEL PRIZE ESSAY.

Written by a Ten Year Old Brampton Boy for the Montreal
Witness.

In the year A. D. 1890, the Montreal Witness
offered prizes for historical essays to be competed for by
pupils in the public schools of Canada. The following
story or narrative is by a Brampton ten-year old public
school boy - one of the successful competitors to whom
was awarded a medal and a handsome bound volume of poetry
by various authors, entitled, "Songs of the Great Dominion."

By enquiring of kind relatives and friends whose
ancestors were amongst the first settlers in the northern
portion of this county (Peel), I find I can gather
historic data of incidents not generally known, and that
may be of sufficient interest in this community to warrant
an essay for publication.

About seventy years ago, grandfather along with an
elder brother and sister, emigrated from County Monaghan,
Ireland, bringing with them their aged father, then
merging on to ninety though hale and hearty for a man of

such advanced years. They were the last portion of the family to leave the old country, the former, two brothers, and two sisters, having settled in New York some years previous. The last comers, however, moved to Canada and settled in about the centre of the township of Caledon then a frontier settlement of what was called the Home District in Upper Canada; Toronto, then Little York, about forty miles distant being their base of supplies, and their path thither, for a long distance, being a "blazed" track through an almost interminable forest; much of the land below the mountain, the township of Chinguacousy, at that time being thought too flat and swampy for settlement.

They cleared a large tract of land near what is now the village of Charleston (Caledon post office) and the first religious services were held in one of their houses, and the first Sabbath School was also established in the same house.

They were Presbyterians and had to depend largely on their own resources in conducting religious services. They were visited occasionally by ministers from older settlements.

The late Rev. Alexander Lewis, of Mono Mills, was the first ordained minister located in the neighbourhood, and his charge embraced several of the surrounding townships, which he used to perambulate on horseback.

This venerable servant of Good, at the advanced age of ninety years, "entered into his rest" a few years ago, beloved, respected, and deeply regretted by the large community that had been so signally benefitted by his ministrations.

Grandfather and his brother, uncle William Clark, were among the first representatives of the Township at the county or district council board in Toronto. Two brothers were on their way home from one of the meetings when the latter took sick and died the same night at

The precious remains of many of these old pioneers of whose endurance and prowess many stories might be written, and whose annals compiled would fill volumes, are interred in the Presbyterian grave-yard at Charleston. One headstone stands unique, bearing the inscription

Mr. and Mrs. William Clark Observe Diamond Wedding Anniversary at Their Mono Home—Married at Alton by Rev. Alex. McFaul, of Caledon — Mr. Clark is Eighty-six

Mr. and Mrs. William Clark, lifelong residents of Orangeville locality, celebrated their sixtieth wedding anniversary at their home, lot 4, second line, Mono.

The bride, who is 84 years old, was prior to her marriage Miss Margaret Erskine and was born in the vicinity of Alton. The groom, who is 86 years old, was born on the First Line, Caledon East. They were married at the bride's home by Rev. Alexander McFaul, of Caledon.

Gilbert Van Ruyck, now living in West Toronto, was groomsman. The bridesmaid, Miss Jane Clark, died three years ago.

Their family consists of one son, William, of Mono, and four daughters—Mrs. R. J. Donaldson and Mrs. Alexander Peter, Toronto; Mrs. J. E. Curry and Mrs. W. J. Cruickshanks, of Mono. There are seventeen grandchildren. Mrs. Clark's two sisters, Mrs. Jas. Dick, of Orangeville, and Mrs. J. P. Gallacher, Riverhurst, Sask., and Mr. Clark's sister, Mrs. Elizabeth Clarke, of Toronto, were all present. The esteemed couple received many congratulatory messages.

FORWARD from Page 2 -

20. DO YOU RECALL ANY HUMOROUS INCIDENTS CONNECTED WITH EARLY DAYS OR ANY STORIES OR
HAIR BREADTH ESCAPES OR EXCITING CONTESTS?

RECALL HEARING OF BEAR HUNTS - ONE EXPERIENCE THAT MIGHT HAVE ENDED
DISASTROUSLY WAS WHEN ON A BEAR HUNT AND HAVING CHASED THE BEAR
TO THE TOP OF A TREE WITH DOGS, THE SMALL PARTY WITH ONE RIFLE
AMONG THEM THE BEST SHOT AIMED AT THE BEAR WHICH BEING HIT FELL
ABOUT 40 or 50 FEET TO THE GROUND. STUNNED AND WOUNDED HE STILL
APPEARED DANGEROUS AND IN THE EXCITEMENT OF RELOADING THE RIFLE
WHICH WAS A MUZZLE LOADING ONE, ONE OF THE BOYS PUT THE BULLET
IN BEFORE THE POWDER THUS MAKING THE RIFLE FOR THE TIME BEING
USELESS AND IF IT HAD NOT BEEN FOR THE DOGS SAVING THE SITUATION
THAT BEAR COULD HAVE PROVEN VERY DANGEROUS.

IN THE OLD DAYS THE SHELTERS FOR THE HOGS HAD TO BE MADE OF LOGS SUNK IN
THE GROUND TO KEEP THE BEARS FROM STEALING THE HOGS. OTHERWISE
THE BEARS WOULD DIG UNDER THE LOG AND GET IN UNLESS THE LOGS WERE
WELL SUNK. THIS STEALING THE BEARS DID WAS ONE VERY GOOD REASON
FOR THE EARLY SETTLERS TRYING TO SHOOT THEM.

WOLVES WERE ALSO DANGEROUS TO THE LIVESTOCK OF THE EARLY SETTLER.
RECALL HEARING OF TWO SONS OF FIRST HUGH CLARK BRINGING THE COWS
IN THE EVENING TO BE MILKED. WOLVES APPEARED AND THE BOYS HAD
BEEN TOLD TO CLIMB A TREE WHICH THEY DID. THE CATTLE RUNNING
TRYING TO ESCAPE WHEN ONE WOLF SPRANG ON A HEIFER'S BACK AND
WAS ATTEMPTING IN THE CUSTOMARY WOLF FASHION TO BITE AND CLAW
WHILE OTHERS TRY TO "HAMSTRING" WHICH MEANS TO CUT THE CORDS IN
THE BACK OF THE HEIFER'S LEGS CAUSING HER TO DROP. THE BOYS
SAW THE PLIGHT OF THE HEIFER AND SCREAMED LOUDLY FOR HELP
WOLVES ARE REALLY COWARDLY AND THE SOUND OF HUMAN VOICES WOULD
IN SOME INSTANCES FRIGHTEN THEM - IN THIS CASE THE BOYS' VOICES
CRYING OUT LOUDLY FRIGHTENED THE WOLVES AWAY AND THE CATTLED
WERE HURRIED HOME IN SAFETY.

INCIDENTS RELATING TO EARLY DAYS OF AGRICULTURAL FAIRS IN PEEL COUNTY

11052

File under Clark
Mr. Hugh Clark relates how in 1883 he travelled the railroad to Orangeville with two carloads of live stock to exhibit at the Fair in that town. The cars were loaded at Snelgrove Station on the C.P.R. on the last day of September, before daylight from side of a bank without loading equipment.

The cars were loaded with horses, cattle, sheep and hogs. S.J. Lyons of Norval had space in one car for some sheep and hogs., Berkshires and Ottawolds.

The Clark livestock consisted of:-

A few horses - Roadsters

Cattle - Durhams

Jerseys

Ayrshires

Sheep - Leesters

Mr. James Clark, Father of Hugh Clark mentioned above, objected to the trip to Orangeville Fair this day, as it took time away from the farms and interfered with progress there, however so many prizes were taken and over and above all expenses \$58 was cleared. This was a big day's pay in those days and helped Mr. Clark Sr. to overlook his boys absence.

On the way up through the mountains of Caledon the engine of the train (latest model of machinery at that time) became stalled trying to make the grade and haul its heavy load and so much time was lost/all thought that the livestock could not reach Orangeville in time for the judging at the Fair.

However, ^{them} the Judges saw / coming and waited for the animals to enter the contests. Mr. Hugh Clark, a boy at that time recalls with much interest the experiences of the day. The thrills of winning prizes for the much valued stock.

The date was the last day of September but nevertheless a heavy snow storm developed and the animals became soaked and wet and altogether everything was in a most uncomfortable and disagreeable condition.

11053

INCIDENTS AGRICULTURAL FAIRS EARLY DAYS (CONT'D)

There was no train leaving Orangeville that night so all stayed there and slept in an open cattle shed. It was cold, damp and miserable, the following morning upon taking the cattle to a nearby stream for a drink the ice was so thick the cattle could not break it with their noses but had to wait until someone broke the ice for them. The attempted sleep that night was not much of a success owing to the cold but no one really minded because of the prize ribbons gained at the fair. They, the ribbons, must have been warm.

The train carried all out of Orangeville that morning and as there was a Fair at Brampton that same day, the Clark livestock again went through the business of gaining for the boys more prizes. Brampton was a three day fair and much to everyone's delight the livestock prizes netted more money, this time \$64. No sales were made of the stock, but the cash and the glory made up for this.

The different Agricultural Fairs of Peel County were the means of many interesting and happy days for the young farmers in the making but the Orangeville trip was not forgotten.

One more instance of the early days of exhibiting at the early shows -
Mr. Hugh Clark recalls the following -

In 1886 Mr. Clark took a carload of livestock to Gueph Show which was the Old Provincial Exhibition held by the Ontario Agricultural and Arts Association. There was a silver medal given for the best milch cow, all breeds could enter.

Mrs. Jones quite a famous exhibitor had some fine jersey cows there from Brockville. The test lasted two days and to show you that even in those days all was not always as it should be - Mrs. Jones herdsman took one glass too many and a valuable contestant cow was left unprotected and was stripped of her milk which resulted in putting her out of the test. Young Mr. Hugh Clark at this time had heard that the world was not quite the honest place it really should be and decided he would take no chances with his entry, an Ayrshire Cow, Juno, and did not trust to one of his Father's stableboys being left the night with the cow but slept himself in the cow's stall beside her and was rewarded by winning the Silver Medal for having the Best Milch Cow on a two day test. Incidentally Mr. Clark credits his Ayrshire Cow, Juno's success to the fact that the very fine ^{Jersey} cow belonging to Mrs. Jones' Jersey herd was neglected by the herdsman's unwarranted extra drink too many.

At a special meeting of the Haggert Mfg., Co.,
on Feb. 12th, (1884) Mr. Hugh Clark was made
one of the Directors of the Company.

Jerseys the Money-Makers.

In a county where dairying follows the lines spoken of the Jersey cow is naturally in high favor - that is a cow which gives a large quantity of the finest butter or cream with a moderate cost of feeding. How do Jerseys sell out there? There was a combination sale - mostly of Jerseys - at the farm of Hugh Clark, near Norval, on Thursday last, and the prices obtained there give a fair idea of Jersey values.

The Pick of the Herd.

The pick of the lot was a registered Jersey heifer, with her first calf. She had good udder development, with lots of room for more, and was a handsome little beast. The bidding began about \$40 and ran rapidly up to \$60 and over. After that the fight was between Robert McCulloch, one of the best dairymen in the County, and John Peacock. Mr. McCulloch quit at \$79 and Mr. Peacock got her at the even \$80.

FEW POINTS RE JERSEY CATTLE

✓ First Jerseys imported to Ontario in 1871 by Hugh Clark of near Brampton from Wallcott and Campbell of Rochester. They consisted of one bull and one heifer, "Gilroy and Fanny", and were registered in the American Jersey Herd Book.

In 1872 Mr. Clark imported again one bull and two heifers. In 1875 he made a third purchase, this time from John D. Wing and included in this importation was what proved to be a very fine bull "Glamour". Last two importations were registered in American Jersey Cattle Club.

In 1875 Mr. Clark owned the first jerseys ever seen at Toronto Exhibition, the same year these cattle also were on exhibit at London, Ontario.

△ The above mentioned bull, Glamour, won 1st Prize at Toronto Exhibition in 1884.

About half a century ago, or a little more, Hugh Clark, a prominent farmer on the west side, went to the New York States Fair. He brought home with him two animals, a bull and a heifer, and told they were Jerseys. We laughed at him for bringin' such disgustin' lookin' rats o' cattle into a Durham county. But we soon had the laugh on the other side of our faces. All the women round about began tellin' us what butter makers these skits of cattle were, an afore long we were crossin' them with our Durham cows. This was the begingin' of the great dairy industry of our county.

HUGH CLARK - Born 1775 Died 1863 - Lot 16, Con. 4, Chinguacousy

Hugh Clark was born at Paisley, Scotland, the son of Hugh Clark and his wife Betty McMicking, in the year 1775, a member of the Clark family who owned large thread mills at Paisley. He and his wife, Jean Gilchrist, with three children, Margaret, John and James left their country via Ireland for New York State. The crossing of the Atlantic was by sailing vessel, the prevailing mode of ocean travel of the time.

Two brothers of Hugh Clark, Dr. John Clark and William Clark were living in the United States but Hugh Clark decided after living in New York State that he would continue his travels to Canada. However a daughter, Jane, was born during the period they spent in the States. In 1822 they arrived at Muddy York, Ontario, where they lived for a few months. Hugh Clark purchased 200 acres of Clergy Reserve land in Peel County situated in the western part of Chinguacousy Township, Lot 16, Concession 4, and in 1823 he and his family moved to what was to be their new home. They lived the life of the early settlers, being amongst the pioneers of the township. Their youngest child, a son ^{named} ~~called~~ Hugh, was born in Chinguacousy Township, making a family of five children and so began the establishment of this family on their land in a new country.

The farm purchased in 1823 is owned and occupied by a grandson of Hugh Clark, John L. Clark, his family and his sister, Elizabeth Clark.

Hugh Clark was a lover of hunting and fishing and was interested in all sports of the day. In his farming

Hugh Clark (Cont'd)

activities of those early days he showed a desire to own the finest grades of live stock. His sons continued to specialize in high class live stock, as likewise did his grandsons and at present his great-grandsons, the result - that through the generations the family has been noted for their prize animals. Many winnings for fine horses and cattle from the 1850's and '60's to the present day have helped attain for Chinguacousy Township and Peel County distinction as a centre of high agricultural pursuits.

Hugh Clark died at his farm in the year 1863. his widow and family carrying on the established work of this well beloved head of the Clark family. His wife lived until the year 1874 after having resided forty-seven years in Chinguacousy and was buried ^{beside} her husband in Home Church Cemetery.

MEMORIES OF AN OLD TIMER.

11072

This is a great week for Jersey men. Lord and Lady Willingdon are going to be at the big picnic. I have an invitation, and right proud of it I am.

About half a century ago, or a little more,
1) Hugh Clark, a prominent farmer on the west side, went to the New York State Fair. He brought home with him, two animals, a bull and a heifer, and told they were Jerseys. We laughed at him for bringing such disgustin' lookin' rats o' cattle into a Durham county. But we soon had the laugh on the other side of our faces. All the women round about began tellin' us what butter makers these skits of cattle were, and afore long we were crossing them with our Durham cows. That was the beginning of the great dairy industry of our county.

1) John McClure of Mount Pleasant was the first man to send butter to Toronto market done up in pound prints by his wife. He was the brother-in-law of 1) Robert McCulloch who is now the president of the Ontario Milk Producers. Ever afterward he was known as Jersey John. Robert McClure and the Snyders on the east side soon followed suit.

It was not long until B. H. Bull the founder of the firm to the south of the town began buyin' up all the Jersey grades around the country at the sales. He got well into the dairy business and from that has grown the well-known exporting firm of B. H. Bull & Son.

He lived in Jersey when he came to the fair in 1874

Dear W. P. -

In reply to your letter of the 24th ultimo in which copy of Memoranda received from the Secretary of the American Jersey Cattle Club was enclosed, I comment as follows:-

With regard to the three Fanny cows mentioned in the memoranda - none of these cows is the Fanny imported by Mr. Hugh Clark in 1871. Mr. Clark's Fanny was registered in the Old Herd Book. Quoting from the memoranda the Fanny cows they mention were dropped in the years -- 1864, 1862 and 1856. The Fanny which Mr. Clark imported in 1871 was a 2 yearold then, and so according to the above mentioned dates could not have been any of the cows the Secretary reports on.

The information given by the Secretary of the Jersey Club in the States on Gilroy, bull dropped in 1875. This is correct, as this bull belonged to the second importation made by Hugh Clark in 1875. Gilroy was a calf and along with him were brought into Ontario, two cows, one Heather reported on by the Secretary as dropped August 5th 1874. This also is correct. The second cow in this importation was Jenny but she was registered in the Old Jersey Herd Book, only Gilroy and Heather being registered in the A. J. C. C. as was also the bull Glamour which too was registered correctly in the A. J. C. C. and imported in 1878, a calf at the time.

The Memoranda states that according to the dates of birth of the two bulls, Gilroy in 1875 and Glamour in 1878 - neither could have come into Canada in 1871, that too is correct, and no one has ever

contended that either of these bulls were brought into Canada in 1871. They were imported by Mr. Hugh Clark in 1875 and 1878 respectively.

The 1871-Jerseys brought here by Mr. Clark were registered as stated before in the Old Jersey Herd Book.

The information given in the Memoranda from the American Jersey Cattle Club corresponds as regards the Bull, Gilroy, and Glamour and also the cow, Heather, with the information given to Dr. Grisdale when I talked with him a few days ago, and reported on the following day. Certainly these two bulls did not come to Ontario in 1871 and we did not say they were imported here until 1875 and 1878.

With reference to the cattle brought to Canada in 1868, I have always understood that S. Sheldon Stephens of Montreal had the first Jerseys imported into Canada but believe that Hugh Clark was the first man to bring Jerseys into the Province, the date being 1871.

I am returning to you the copy of the Memoranda from the Secretary of the American Jersey Cattle Club.

Yours very truly,

H. E. Clark

AS TO CANADIAN JERSEYS-Original of this is in Jersey File.

The question asked by Mr. Bull as to whether Hugh Clark was the first to import Jerseys from the United States to Canada cannot be answered from the Club Records. There are three Fannies registered with the Club, namely Fannie 565, bred by Wm. Goddard, Providence, R.I., dropped in 1864; Fannie 946, bred by Joseph H. Billings, West Roxbury, Mass., dropped in 1862; and Fannie 3519, bred by G. Davenport, Dedham, Mass., dropped in 1856. It is possible that either one of these cows could have been imported to Canada by Mr. Clark in 1871, but the Club has no record of a sale of any one of them from the breeder. Of the bulls mentioned by Mr. Bull, Gilroy 1653 was not dropped until 1875 and Glamour 3318 was dropped in 1878, so neither could have been imported into Canada in 1871. We have no record of the sale of either of these bulls from their breeders.

Hugh Clark, of Brampton, Ont., registered Heather 3593, a cow dropped Aug. 5, 1874, out of Heather Bell 1155, by Mogul 568. Heather was bred by J. Carter Brown, E. Greenwith, R.I., but there is no record of when Clark got her.

The first cattle brought into Canada which we have record of are those imported from England and the Island of Jersey by S. Sheldon Stephens in 1868. The first from the United States probably went from New England into the provinces of New Brunswick and Quebec, but we have no dates, owing to the fact that the very earliest records of the sales of animals were held back by the first Secretary of the Club, who refused to turn them over to his successor, so all the record of these animals we have is their breeding, breeder and the name of the owner who registered them.

le /
Hugh Clark of Township of Chinguacousy, near Brampton, imported the first Jersey Cattle into Ontario in 1871. The first importation were registered in the Old Jersey Herd Book United States. This was before the time of the A. J. C. C. Herd Book.

The first importation consisted of one cow and one bull in 1871 -

Bull was broken color, dark fawn

Cow was also broken color, light fawn, an extra good animal at that time and and produced 3 lbs of butter, an extraordinary then. Her name was Fanny III. These animals were somewhat larger in size than the Jerseys of today.

This importation was made from ^{Walcott} ~~McClure~~ and Campbell of New York State.

Half breeds from the above mentioned bull became noted for butter producers and had a great effect in popularizing the breed in the neighborhood of Brampton.

In 1875 Hugh Clark went to the States and purchased the second importation to enter the Province of Ontario, which consisted of a bull and two cows. The name of the Bull was "Gildaroy".

Robert McClure of Brampton was the second man to import Jerseys into the Province.

Hugh Clark, in 1878, imported a bull purchased from JOHN D. WING of New York State. This animal was an outstanding show bull named "Glamour".

Hugh Clark showed Jerseys at Toronto at the last Provincial Exhibition before the Industrial Exhibitions started. His animals at that time were in competition with those of Mrs. Jones of Brockville.

As mentioned heretofore the first importation of Jerseys were entered in the Old Jersey Herd Book, U.S. and accordingly the second and third importations were registered and entered in the A.J.C.C.

JERSEYS (CONT'D)

Hugh Clark's Bull "Glamour" in 1883 was shown at the Industrial Exhibition at Toronto in competition with Mrs. Jones and Valancy Fuller, etc. The Judge who was T. S. COOPER, placed "Glamour" first at the show, but because of his registration papers from the A.J.C.C. not being on hand at the moment, another bull got the money. In the following year, 1884, "Glamour" won first prize, his papers which were in order, being produced. He was a real bull with plenty of style and quality. His color was dark fawn. On the retirement of Hugh Clark in 1882, his entire herd was acquired by his brother James Clark.

Among other Jersey breeders were:-

John McClure, known as Jersey John McClure who lived near Brampton, and known for his marked preference for the Jersey breed and for his extensive herd and tremendous interest displayed in Jerseys. Mr. John McClure or Jersey John was a relative of Mr. Robert McClure ^{named} in the foregoing as one of the very first importers.

Craig Brothers, Chinguacousy, bred Jerseys about 1885. They made much money in the Dairy business and still have some fine animals but do no show work.

Joseph Dolson, Chinguacousy, also went into Jerseys about 1885. He still owns a fine Jersey herd and is keenly interested.

Joseph Foster, Snelgrove, in the '80s had a fine Jersey herd.

It is not necessary to comment in this report on the fact that B. H. Bull

and Sons have the foremost and most famous Jersey Cattle on the continent. They were as is well known pioneers in the Jersey business.

James Taylor of Chinguacousy in the '80s had a nice herd of Grade Jerseys and his son William today has a fine registered herd.

Early Test of Jerseys

Early Use of Cream Separator and Babcock Tester in Chinguacousy Township

In the early '90s Mr. Hugh G. Clark, nephew of Hugh Clark, the first importer of Jerseys into the Province of Ontario, purchased and used the first Cream Separator in Peel County also a Babcock Tester and regularly made tests of his Jersey herd.

This was a new idea at this time and the neighboring farmers all soon became interested and recognized the value of the use of these two articles. The neighbors came regularly to Mr. Hugh Clark to have his make tests of their cows. These tests helped to show the farmers the value of a Jersey cow among other cows to increase their test and helped make the Jersey breed more popular.

All names shown are also in the individual's file.

INCIDENT RE DROP IN PRICE OF SWINE FROM 1918 to 1931

MARKET PRICES OF RECENT YEARS OF SWINE

Mr. Hugh Clark relates this experience from his years of buying and selling live stock -

1918
Mr. Clark purchased from a farmer in war time, whose name was Harry Devereaux near Georgetown, Ontario, 7 hogs for which he paid \$357 or an average of \$51 per hog and from the same farmer in 1931 9 hogs of about the same weight and the farmer received a cheque for \$72 or about \$8 apiece. --- The latter price being just one-seventh of the price of the hogs sold in war time.

ANNUAL MEETING OF DOMINION JERSEY BREEDERS

The annual meeting of the Dominion Jersey Breeders was held in Toronto on Dec. 30th. A large number of the representative breeders from the different parts of the Dominion were present. After the routine business, the election of officers and the discussion of many subjects pertaining to the interests of dairying. A paper was read by J. C. Snell on "Judging at the Fair." Among the list of appointments made, the following fell to Peel:- Representative to the Industrial Board, B.H.Bull; judge at London, H.G. Clark, reserve, R. McCulloch; judge at Brandon, Man., B.H.Bull; persons recommended as judges at county fairs, H. Clarridge, Louis I. C. Bull and D.O.Bull; chairman of the Executive Committee, D.O.Bull. The meeting adjourned until Toronto Exhibition.

H. G. Clark, also a cattle buyer in Peel Co. for many years, continuing in the business until 1932 -- In the early years of the 1900s Mr. Clark did a large export business out of Peel, shipping at one time as many as seven cars of Shorthorn grades in one day and the following day eight cars, all to Chicago. The cars would average 20 head of three year old steers and priced from 5 to 6 cents per pound. Mr. Clark also made large shipments of cattle for export to Manchester, Liverpool, etc. The highest priced car load of cattle ever sold on Toronto Market (20 cattle in car) was shipped by Mr. Clark in war time, 1918, price being \$17.15 per cwt. No single car load of cattle has ever sold for a higher price on Toronto market.

MR. HUGH CLARKE'S EVIDENCE.

Alderneys or Jerseys

11088

HUGH CLARKE, of Brampton, was called and examined.

To Mr. Dymond.--I carry on mixed farming in the neighbourhood of Brampton. I keep a number of cows. I have some thoroughbred animals among them, chiefly Jerseys or Alderneys. I don't think there is any distinction between the two, they are now generally called Jerseys.

THE JERSEY BREED.

To Mr. Brown.--I have kept the Jersey breed of cattle for about nine years. I imported my first stock from the United States--from Walcott & Campbell, of the New York Mills. At first I crossed them with some Shorthorns and with some native cattle. I used the Jersey bull and a Shorthorn cow. My object in trying that cross was to see if I could obtain milking quality as well as size, and I obtained some very good milkers of a fair size.

One thoroughbred Jersey cow, after she had her second calf in the month of February, in six milkings gave us over eight pounds of butter.

FEED FOR MILK CATTLE.

To Mr. Edward Stock.--The kind of feed that I give cattle in the winter, for milk, is a mixture of bran, pea-meal, and good clover hay. The meal and bran should be mixed in the proportions of about one part to three. I have never tried oats.

To Mr. Brown.--I cannot say that I have noticed any particular effect on the milk from the kind of green food that is given to the cows, except rye; I think it is the worst. In the summer time, while the grass lasts, I give my cattle nothing but grass; but, about the time when the pasture begins to fail, I give them some millet, oats, and tares. I feed them exclusively on green feed in the summer, giving them no grain. I aim to have the cows

calve at different times--some in the fall, and some in the winter, and some in the spring--and I try to have one or two come at a time. In winter I feed out hay or straw or chaff, some pea-meal and bran, and roots if I have them. I make no particular effort to cultivate roots for my milk cows, but I grow a few mangolds, and carrots. I have no steers, I only keep heifers, I raise my herd for butter purposes exclusively. In the summer, when the pasture gives out, I find green fodder to be valuable. I have not done anything at soiling exclusively. I have not experimented as to the effect of certain feeds on the milk.

THE JERSEY THE BEST MILKERS.

I think the Jersey is the best cow to convert food into milk for butter purposes. My stock is not in high condition as regards flesh, but I find that when they are not milking they take on flesh readily,

unless they are old, in which respect I suppose they are the same as other cattle. I had only one cow that failed to breed. She was an imported cow, I sold her last week for beef. She was six years old. I have done very little in-and-in breeding, but from the little experience I have had of it, I have seen no bad effects from it. I have imported bulls when I required them. We have averaged over 300 lbs. of butter in a year from our cows--that is, taking our whole herd together--some of them would be two years old, some of them aged cows, and one or two crosses of Jerseys with other cattle. The quantity obtained is from eight to twelve quarts of milk to a cow at each milking. I milk twice a day. On the average, we obtain one pound of butter from one and a half or two gallons of milk. I have only sold one female since I got my herd. Bulls do not sell readily; females do. The only thoroughbred that I have sold I sold to a Church of England minister in

5.

Georgetown. I consider the Jersey to be the most profitable cattle for butter making. They are hearty eaters, but I do not think they eat more than the Shorthorns in proportion to their size. They are very quiet and gentle. I have even allowed bulls two years and a half old to run together. I like a yellow skin in a milch cow. I have not noticed anything peculiar in the odour of the milk. I have seen something of the Frenchman's milk mirror, but I have not paid any attention to it in regard to the supply of milk. I think it has gone rather farther than what is proper.

PREJUDICES AGAINST JERSEYS.

I have not taken any pains to urge the Jersey breed upon the dairymen of the Province. I don't think it is extending throughout the Province very rapidly, because, I was going to say, our Associations are trying to keep the Jerseys down. It is a rather

they should offer \$15 as a first prize for the Jerseys, and \$40 for the Shorthorns. I have not seen anything to lead me to believe that the Jerseys are in any way related to the Ayrshires. The cow which I sold last week at six years old, weighed 1,253 pounds. She was very fat, although I did not put her up specially to feed. She was milking to within six or eight weeks of that time, and she had been milking continuously for four years. She had only one calf, and she was milked all the time from then, but the quantity of milk was small. I have the heifers come in to milk at two years old if possible. I consider that the purpose of the Jersey is to produce milk and butter, and the sooner you start out with them the better, as we should not wait for size, which is not an important point. The result of crossing a Jersey bull on a Shorthorn cow, was, that I got good milkers of a fair size. The milk

was very rich; the cross seemed to partake of the Jersey with regard to its milking qualities, and seemed to have more of the Durham build about it. In that case the male did not impress himself so much on the make of the animal as on its milk.

JERSEY BUTTER.

To Mr. Thomas Stock.--Jersey butter is much more solid in warm weather than butter made from the milk of ordinary cows; there is less size in the pound, and it is closer and finer grained. It has a superior flavour, though some do not like the flavour, and it is richer in colour. I have yet some of the cows that I first obtained nine years ago.

To Mr. Dymond.--Before I bred Jerseys, I kept thoroughbred Shorthorns and natives. I have not tried crossing the Jersey cow with the Shorthorn bull; I think that would be going the wrong way. I would only recommend the Jerseys for those who pay special attention to butter-making--not to

farmers who raise steers for beef purposes. I have imported cows as well as bulls, and all from the United States. I have paid from \$120 to \$200 for them; I paid \$120 for a bull five months old, and \$200 for a cow. When I have tried to sell bulls in this country, I could not get more than \$50 for them; I have got that much for a bull elaf five or six weeks old. At present I have fifteen animals all thoroughbreds. I do not use grades at all in my dairy. The Jerseys in some cases rapidly convey their milking properties to the common animals of the country--not in all cases; some of the bulls leave their impress much more than others. The butter in my neighbourhood is all made by hand; we have no creameries. From six cows, we have made as much as 1,800 lbs. of butter in a year. It is usually sold in Toronto. My butter has no special mark or brand upon it. I have been successful in obtaining

prizes for my butter at the fairs in Toronto and London. We are now selling it at twenty cents. We take as much care of it in the making as possible. I think the flavour of Jersey butter is inherent in the animal, and is desirable; at the exhibitions no objection was raised to it on the ground of its flavour. I do not think the Jersey is so hard to feed as the Shorthorn; I think it would thrive as rapidly as the Shorthorn on the same feed. I have not used oil cake.

To Mr. Brown.--I cannot say that cows will keep up the same quantity and quality of milk on poor pasture as they will on good pasture. We hand-feed all our calves; we do not let any of them suck.

To Mr. Edward Stock.--I do not find it troublesome to milk Jersey cows on account of the smallness of their teats; the teats of the Jerseys I do not think are small--not so small as those of the Ayrshires.

JERSEY BEEF.

To Mr. Dymond.--I do not think the Shorthorns possess a greater variety of qualities than the Jerseys. I do not think they arrive at earlier maturity, and I think the quality of Jersey beef is equal to that of the Shorthorn, although there is not the same quality, and the milk and butter are superior. I do not think it costs so much to bring a Jersey to the age of three years as the Shorthorn, because it is a smaller animal, and does not eat so much. I have had bulls which I have extra fed weigh 1,350 or 1,360 pounds at two years old. I have not sold any steers or fattened any heifers for beef.

To Mr. Brown.--The cream of Jersey milk rises more quickly, I think, than that of any other. We allow the milk to sit twelve hours before skimming it. We consider that there is less labour in churning Jersey butter; there is less

milk and more butter. We do not air the milk while it is warm in order to remove the odour. We put the milk in cans, and submerge them in ice-water, which it is claimed absorbs the odour and cools the milk at the same time, and when the cream rises it is taken off and put in a cream pail. In my experience this plan has been very successful; our butter made in this way has taken first prizes. The salt we use is Higgins' Eureka salt; it is an English salt. We tried the Goderich salt, but we did not like it we thought that while we were using it the butter did not keep so well, and did not sell so well on the market. I know several in my neighbourhood who have stopped using the Canadian salt in order to use the English--perhaps from what they have read. I only made the one experiment of it.

COST-----FEED.

To Mr. Dymond.--I cannot tell you the cost of keeping one of my cows in comparison with the

produce I derive from its milk and butter. I turn my cattle out to pasture in the summer. My pasture is nothing extra. Late in the summer, when the pasture fails, I give them green feed. We generally try to have some corn, millet, vetches, and oats for that purpose.

To Mr. Brown.--We have been feeding millet lately. I consider that it increases the quantity of the cream, and that the cream is thicker from it than from other feed. The millet is headed before we begin to cut it. In churning, we use the barrel churn. We do not use any colouring. The temperature of the cream we think should be nearer 66 than 62. We only work the butter once. We use hard water. For packages, we use white oak and white ash. If oak stains the butter, I think that can be remedied by having the oak properly soaked before-hand.

JAS. A. CLARKE

Former Resident of Caledon Passed
Away in Guelph Last Week.

Following an illness that had extended over the past two years, the death occurred Wednesday afternoon, March 21st, in St. Joseph's hospital, Guelph, of James Amos Clarke, formerly of Caledon. While Mr. Clarke had been ill for some time, his death came suddenly and was a great shock to his family and circle of friends. The late Mr. Clarke was born in England and was a son of the late Mr. and Mrs. James Clarke. He came to Canada at the age of ten years. Until about nine years ago, he farmed in the Caledon district, where he was well and favorably known and where his services were in frequent demand at church and other gatherings because of his talent as a singer. From Caledon he moved to Markdale, where he resided for six years, moving to Guelph about three years ago. Although in Guelph for only a short period, he had made many friends to whom the news of his demise came as a matter of great regret. In religion the late Mr. Clarke was a member of the United Church and had been associated with Dublin St. church since moving to Guelph. His loss is mourned by his wife, formerly Miss Pearl Torrance, of Caledon, and two children, James O., aged fourteen, and Eleanor M., aged twelve. A sister died in London, Ontario, last autumn.

The funeral was held from his late residence, 94 Foster Ave., Guelph, to the Forest Lawn Cemetery here Friday afternoon. Rev. A. W. Hone and Rev. Stoal conducted the services at the house and Rev. A. V. Bentum, of Caledon, officiated at the graveside. The pallbearers were Messrs Jos. and Thompson Nesbitt, Robert Chambers, Norman Harrison, Clayton Limebeer and Graham Pattullo. A large number of former Caledon friends and neighbors met the cortege at Caledon and accompanied it to the cemetery here.

Mr. Clarke says that if we could send someone out there in the morning between nine and eleven, he would be willing to take them around to the various residences, and thus we could get a better description of them, as by looking at them himself he could get a better picture of them. Especially, the Oakridge poultry farm. He says nobody could do this as well as he could, because nobody knows as much about it.

GOLDEN WEDDING AT MALTON

Bridesmaid of Fifty Years Ago One of the Guests

On Tuesday afternoon, Dec. 12, the home of Mr. and Mrs. William Clark, Beverly St., was the scene of a happy event when members of the family, neighbours and friends far and near came to celebrate the fiftieth anniversary of their wedding day. Among those who came to offer congratulations and good wishes was the bridesmaid, Miss Emma Oldfield, of Toronto. There were present four generations.

The house was appropriately decorated with yellow mums, as was also the attractive tea-table where Mrs. John Mashinter, Malton, sister of the bride, and Mrs. Richard Oldfield Toronto, cousin of the groom, presided.

Mr. Clark, now seventy-five years of age was born at Stanley Mills, a son of the late Lyton Clark. Mrs. Clark, formerly Harriet Dodds, daughter of Elisha Dodds, was born in England seventy years ago. For thirty-nine years they have lived in the Malton district farming until eighteen years ago when they settled in the village.

Mr. and Mrs. Clark have a family of eight children, Fred and Frank of Malton; Mrs. George Pears, Kansas; Mrs. Robert Bovaird, of Brampton; Mrs. George Middlebrook, Malton; Mrs. Charles Oldfield, Calgary, Alta.; Mrs. Reg. Burnell, Toronto; and Mrs. Leslie Middlebrook, Richview. There are twenty grandchildren and two great grandchildren.

In the evening the celebration took the form of a euchre and dance in the village hall, the music provided by the Swann orchestra.

MALTON

Malton Couple 50 Years Wed To Celebrate

**Mr. and Mrs. Clark Have
Been Residents of Vil-
lage For 18 Years - Re-
call Early Romance**

Malton, Nov. 29.—"They changed its name to Snelgrove because there were so many Snells in the district," said Mrs. William Henry Clark recalling early days in Peel County's life. Mr. and Mrs. Clark, for past 18 years resident of Malton village, are celebrating their golden wedding anniversary on December 12th. Mrs. Clark, born in Kent, England, came to Snelgrove, then Edmonton, as a girl. She spent her twelfth birthday on board the sailing ship which brought her father, Elisha Dodd, and his family across the Atlantic.

"It took the boat three weeks to cross, but we had a nice trip, and the ocean was smooth," she said.

Mr. Clark, now 75 years of age, was born at Stanley Mills, son of the late Lyton Clark, and spent his entire life in Peel. He and Mrs. Clark, who is 70, have been in the Malton district for the past 39 years, farming for much of that time.

Their pioneer romance was born in Brampton, when William Clark, visiting the home of a relative, was introduced to his future wife by Miss Emma Oldfield, Toronto, who is still living, and who hopes to take part in the celebration of their anniversary. The stalwart young Canadian was greatly taken with the pretty, dark English girl and asked her to go for a buggy ride. They jogged about Brampton, and then went to the 24th of May celebration together. In December of the same year they were married.

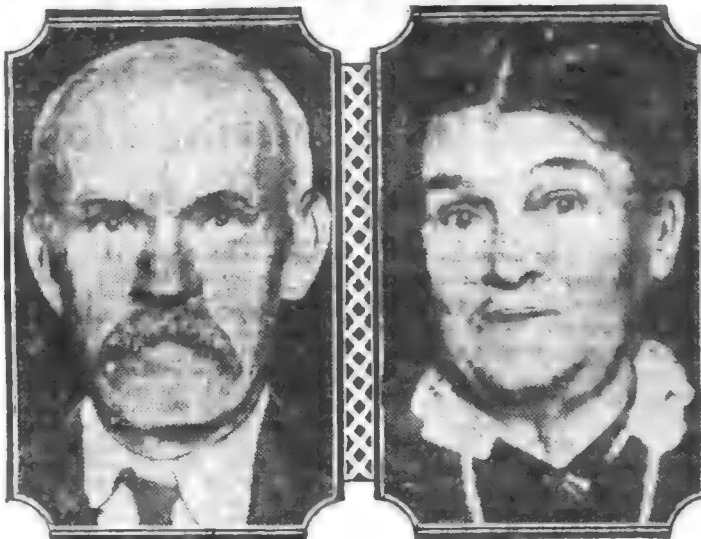

On the 12th of December, through the urging of their daughters, they will keep open house.

Mr. and Mrs. Clark have two sons, Frank and Fred, both of Malton, and six daughters, Mrs. George Pears, Kansas; Mrs. Robert Bovalrd, Brampton; Mrs. George Middlebrook, Malton; Mrs. Charles Oldfield, Calgary, Alta.; Mrs. Reg. Burnell, Toronto, and Mrs. Leslie Middlebrook, Richview. There are 20 grandchildren and two great grandchildren. The family hopes to assemble four generations at the celebration and at the same time Mrs. Robert Bovalrd, their daughter, will observe her birthday.

Mr. Clark has been a trustee of Malton Police Village Board for some years. Both are hard-working members of the Malton United Church.

Mrs. Clark has four brothers, Harry and Alfred of West Superior, James of Brampton and Edward of Inglewood, and four sisters, Mrs. Jessie Pickering, Brampton; Mrs. Thos. Sanderson, Boston Mills; Mrs. J. Hunter, Mayfield, and Mrs. John Mashinter, Malton. Mr. Clark has five sisters left of his parental family, Mrs. Mary Hill, Mrs. Susan ~~Forrester~~, Mrs. George Roadhouse, Miss Jennie and Miss Amelia Clark, all of Toronto.

Celebrate Golden Wedding Anniversary

MR. AND MRS. WILLIAM HENRY CLARK, of Malton Village, are planning to celebrate their golden wedding anniversary on Dec. 12th. Mrs. Clark came to Canada from England as a young girl and made the crossing in a sailing vessel. Mr. Clark has been a resident of Peel County all his life. Open house will be kept on the day of the anniversary.

78 Delaware Ave. Toronto

Malcom Campbell, first of our family, came from Islay, Argylishire, and spelled his name 'Malcom'. He was only 19 when he left home, but he was married to Sarah McFee before coming over. He settled near Rochester, N.Y., living there a year, then came to Canada, and settled at Cheltenham. All the children except Alexander were born on this farm, lot 29, Con. 2, West. ^{Ching.} Malcom Campbell was a tailor in the Old Country, but farmed in Canada. He cleared most of this farm, if not all of it. Indians used to come around and were very friendly to him. They made him a cap which I still have and will bring with me the next time I come. I think there was a log house on the farm first, and then a brick house was built, and frame barns.

In religion he was a Disciple. There was no church at Cheltenham, but there was one in Erin, and he moved to that township in later years. He was a Liberal.

The post-master of Boston Mills, whose name was Clarke, was a Disciple, and I think John Campbell, known to everyone as 'John Christian', also belonged to this church. 'John Christian' was a shoemaker of Cheltenham, and he certainly lived up to the name given him. He was a saintly man. He had a son, and a daughter Catherine.

Malcom Campbell moved to Erin in 1883, and must have been around 70 at that time. He retired to live in Erin village, and died at the age of 80 or more. He is buried

NOTES FROM HAROLD CLARKE, Port Credit, 4 May, 1933.

Lot B, Indian Reserve.

ALLAN NEILSON, Vice President of the Wm. Neilson Company, the ice-cream and candy people, has a summer home here. He has a California Bungalow and about two acres of land with a sea wall in front. This is valued at about \$20,000.

A. W. BRIGGS, K.C., of Briggs, Frost and Co., has a large estate there. The property is worth about \$40,000. He lives here all the year around. Has about 10 acres. Has a nice garden of perennials, etc.

Centre Road.

ED. BURNS, formerly a Toronto man, manufacturer's agent for Penman's goods, has a property of 30 acres. A large brick residence, gardener's house, etc. It is considered a property worth about \$50,000 or \$55,000.

Mississauga Road.

J. P. BICKELL, Stock Broker, has an outstanding home out there. He has a swimming pool in the house, a picture gallery and a bowling alley. Has a very

elaborate garage and chauffeur's quarters. It is noted especially for its mural decorations.

ALEX. FASKEN, Lawyer in Toronto, has a fine big home here.

G. A. MORROW, head of the Imperial Life is also out here.

A. H. COX, President of an investment company in Toronto has a home here. He is a cousin of the Cox at Oakville, President of the Canada Life.

M. LANGMUIR, connected with the leather goods people in Toronto.

OAKRIDGE POULTRY FARM takes up about 60 acres. (The Vice-president of Eaton's is really the silent owner - Geo. Dean.) It is one of the largest in Canada. They raise, as I understand it, I think about 750,000 baby chicks in a season. They have incubator rooms of enormous capacity, and their houses are all dotted through the orchard among the trees; etc.

Lot 14, Broken Range Indian Reserve.

GRAY HAMILTON, K. C., a lawyer in Toronto has the 10 acres here. Has a fine brick house.

Joining this is the property owned by R. Y. EATON, his summer home. He has a swimming tank and all that goes with it. I would say he has about 50 acres.

Lot 1, First Range Credit Reserve.

HAROLD R. CLARK bought for E. G. Stephens Ltd. This is the property lying immediately north of the C. N. R. tracks, and is all built up with summer cottages, etc. There used to be an old mill on this property built by John Craigie.

John Craigie was not married, but his brother James, was. The brother is dead also, but his widow has 50 acres joining this place. P.O. Port Credit.

CLARK.--On TUESDAY, March 12th, 1912, at the home of his niece, Miss Isabella Gillespie, of Port Charlotte, Islay, Scotland, Neil Clarke, for many years a resident of Boston Mills, Peel County, Ont., father of Donald R. Clarke, of Hamilton, Ont., formerly of Woodstock College, and Malcolm S. Clark, of McMaster University, Toronto, aged ninety-one years and seven months.

The following obituary is made up largely from a contribution to the Olan Times of Saturday, March 23rd, by one of the late Mr. Clark's Islay friends: "With deep regret we record the death of the venerable Neil Clark. Although he had attained to the ripe age of ninety-one years, he was up to the last in possession of his sight and all his mental faculties. For some weeks previously, his health had been failing, but nothing serious was anticipated, and the end came with startling suddenness on Tuesday last week. Mr. Clark was a native of Kildalton parish, and in early life practised at his trade as a tailor in Port Ellen, but with his wife, nee Mary McKechnie of Esknish, he emigrated to Canada in 1847, and settled in Cheltenham, Peel Co. There, and subsequently at Boston Mills, he worked at his trade, until the death of his beloved partner, in January, 1899. He was baptized in

Neil Clark -2-

Islay by the late Rev. Angus McNaughton, of the Baptist Home Mission, in March, 1840, whose sermons he could recall in substance to the end of his life. This missionary, and the late Rev. Neil Sinclair, of Arran, Ont., his 'old boss' as he always called him, appeared to have very largely moulded his religious views. In the fall of 1902, after many of his life-long friends had passed away, his heart longing for his native island, and determined to end his days in it, he returned to Scotland. "He resided with a niece of his late wife, and through her never-failing devotion and kindness and unwearied attention of his comfort, his latter years were passed in contentment, health and peace. Mr. Clark was a man of exceptionally strong individuality; robust and stalwart in frame, he was equally massive and original in intellect. He had strong convictions, held tenaciously by them, and was frank, fearless, and independent in his expression of them. In early manhood he came under religious influences which profoundly left their impression on him, and gave his after life a simplicity of character, a singleness of aim, and a unity of purpose, which were beautiful to behold. He was most honourable and upright in word and deed, and esteemed wherever he was known for the consistency and integrity of his high Christian character. He was identified with the Baptist denomination,

and to the end was loyal to their principal tenets, but the range of his mind and sympathies transcended the limitation of any sect. His time, energy and means were ungrudgingly given to promote the religious interests he had so closely at heart. He was also possessed of considerable poetic gifts, and in distant Canada his deep yearning for his native land, often found expression in Gaelic poems worthy of publication, and in which are clearly revealed the Celtic fire and intensity of his ardent nature. It seemed to act as a tonic to come into contact with his bracing and breezy personality, with so much zest and interest in life, and yet so elevated above all that is sordid and mundane, and always so ready to give a reason for the faith by which he was so manifestly sustained and solaced to the last moment. The remains of Mr. Clark were interred in the ancestral burying-place at Kilnaughton, near Port Ellen, which is beautifully situated on a sunny slope, within sound of the roaring waves, and surrounded by the heathery braes he loved so well."

Neil Clarke was born in 1820 in Kildalton Parish, Islay. He emigrated in 1847, settling first in Cheltenham, Peel County, moved later to Boston Mills, working in both places at his trade as a tailor. He was a man of strong convictions, robust in physique and independent and fearless in his religious beliefs. His early life was greatly influenced by two noted religious teachers in Islay, Revs. McNaughton and Sinclair, and it is characteristic of him that he could to the end of his life, recall the substance of their sermons. His life in Peel County began in the pioneer days and he always took a keen interest in the social and religious life of the community. On the death of his wife, Mary, although then eighty years of age, he carried out his purpose and spent the remainder of his days in his beloved Islay. He frequently preached, both in Peel County, and in Islay, in the latter place, even at ninety years of age often walking three miles to keep his appointments. All through life, his time, energy and means were ungrudgingly given to promote the religious interest he had closely at heart. He also possessed considerable poetic gifts and his deep yearning for his native land found often expression in Gaelic poems, which revealed the Celtic fire and intensity of his ardent devotion and kindness. His latter years were passed in contentment and peace. He maintained his health and vigor practically to the end, passing away suddenly and peacefully on March 12th, 1912.

MRS. WILLIAM CLARKE

A lifelong resident of this district was called to her eternal reward last week through the death of Mrs. William Clarke at her home, lot 4, con. 2, east, Mono, on Monday, November 27th. Mrs. Clarke, who was in her 84th year, had been in failing health for some time and was bedfast for five months prior to her demise. Margaret Erskine before her marriage, she was a daughter of the late Mr. and Mrs. James Erskine, 5th line, west, Caledon, where she was born and spent her girlhood. Following her marriage to William Clarke in February, 1863, she moved to the 1st line, east, Caledon, where she resided for a number of years, coming from that township to Mono some twenty-five years ago. The late Mrs. Clarke was a devoted wife and mother and an excellent neighbor, whose sympathies were prompt in their response to any appeal from those who happened to be in need or distress of any kind. She was a member of the United Church, being identified with Knox Church, Caledon, during her long residence in that township and with St. Andrew's church, Orangeville, since her removal to Mono. Her loss is mourned by her aged husband, one son, William, on the home farm in Mono, and four daughters, Mrs. W. J. Cruikshank and Mrs. J. F. Curry, Mono, and Mrs. R. J. Donaldson and Mrs. Alex Peter, Toronto. She is also survived by two sisters and brother, Mrs. James Dick, Orangeville. Mrs. J. P. Gallagher and M.

Clarke

11257

Robert Erskine, Gilroy, Sask. Many old-time friends and neighbors were present at the funeral, which was held from her late residence to the Forest Lawn cemetery on Wednesday afternoon, November 29th, R. C. F. McIntosh conducting impressive services at the house and graveside. The remains were borne to their last resting place by Messrs. Jas. Warnock, Jos. Nesbitt, Sam Kananawin, Bert French, John Woodland and Charles Smith. The flower-bearers were six grandsons, Allan and Harry Peter, Gordon and Ronald Clarke, Arnold Curry and Harold Cruikshank. The floral tributes were lovely and included: Pillow, the family; wreath, brother and sisters; basket, Mrs. E. Clarke and family, Toronto; sprays, Mr. Wm. and Miss Lillian Faulkner; Mr. and Mrs. W. McIntyre, Toronto; Mr. and Mrs. Fred Hammond, Toronto; Mr. and Mrs. Bert French; Salem Women's Institute; baskets, the Curry grandchildren; Gordon and Ronald Clarke; the nieces and nephews. Mr. and Mrs. Clarke, we might remark in passing, had the happy experience of celebrating their diamond wedding last February.

City friends present at the funeral included: Mrs. F. Clarke, Miss Mary and Mr. John Clarke, Mr. and Mrs. Roy Shepherd, Mr. L. Clarke, Mr. and Mrs. R. J. Donaldson and Mr. and Mrs. Alex Peter and family.

Dear Sir:

From date of your correspondence re "History of the County of Peel", over a month has lapsed. Sorry to be so late but unavoidable.

At this date may I submit some little history of the pioneer Potters. Please to be of any help.

Yours sincerely,

(signed) Miss Isabell M. Potter.

Rev. Professor W. A. Potter, who deceased Nov 16th, 1931, in Edinburgh, was not related to our people.

Our grandfather, Jackson Potter, emigrated from Co. Tyrone Ireland, 1819, and lived with a kind Pennsylvania Dutch family, who divided their house and gave grandmother the best front part. ~~their~~ kindness they never forgot. Their home was a few miles up Yonge St. Grandfather lived and worked on their farm until March 20th, 1821, when with wife and four children, 3 boys and 1 girl, they moved away back from the front to the township of Caledon, lot 18, 5th line east, a government 100 ac. grant. This 100 ac. was not good land, low and swampy. Grandfather was not the right politician to get a good grant. Grandmother was sadly out of place here, as she was a lady of means in Ireland.

Grandfather's father, John Potter, was a Captain in the Irish Army, a scholar and a man of means. After the Irish Rebellion in 1798, he had to start all over a ain. Nothing left but wife and family, 4 sons and 2 daughters. His property was confiscated. Family: Robert, a farmer: Jackson a farmer: David a Presbyterian Minister: Luke a cabinet maker: and Jackson Potter (our grandfather) who crossed the ocean to America, also his two sisters, Isabella & Jane. Jane married a Mr. Harris, and Isabella married a Rev. Wilson, Presbyterian Minister and settled in Philadelphia City. and incidentally may have been President's Wilson's Grandmother. Grandfather lost connection with his sister when she went to the U.S.A. to live.

Grandfather's uncle was Bishop of Isle Magee, off coast of Co. Antrim, and grandfather's wife's name was Elizabeth Nesbit. They had a family of 6 sons and 1 daughter, all of whom lived into the 80's, 90's and 100. The only sister, Isabella Wallace six months less than 100.

Grandfather Potter was reformed on politics, a "Globe" reader and an elder in the Presbyterian free Church. He and his wife would ride on horseback to church, a log building down the 4th line, Caledon

Miss Isabelle M. Potter's letter Cont'd.

called "scotch Settlement", where one Rev. MacMillan preached.

Clark My father Jackson, the youngest, the youngest of the six sons, first went to a log school on 6th line, Albion side, near lot 20. His teacher, Mr. Brett was a wounded pensioned soldier. He and his wife lived in part of the schoolhouse, and when father a wee lad, would get tired, the kind lady would put him to rest in her bed. Father loved her and never forgot her. Father married Sarah Clark, daughter of Edward Clark, 1st line East Caledon, lot 18. Family one son David, a farmer on the home property, and four daughters, two surviving.

Neither Potters or Clarks belonged to any fraternal society. Father's ideal as a farmer was the best of all stock, and his hobby "Books".

The business meetings of the new settlement, were first held in the homes of the Pioneers. In 1836 Grandfather was appointed to the list of business managers.

Our maternal Grandfather Edward Clark was first Commissioner to the municipal Council, appointed in 1844, and had to go to Toronto on public business. Grandfather Clark, farmer, Reformer, and Elder in the Presbyterian Free Church. His Father also Elder in the Church lived 116 years.

P.S. Brother David is Superintendant in the United Sabbath school, Anglican, Methodist, & Presby. Mono Mills, and I have had the privilege of teaching the young in P. S. for three years.

Petitioners for a Post Office - 1855, states that George Bell has been chosen as a suitable person for Post-Master, and in ~~an~~ abject humility pledges the petitioners to "ever pray for your Honour", It is signed in behalf of the township by Com. Clarke Pres. and Miles Bacon, Clerk. Their petition was granted in due time and thus, after fifteen years, Caledon enjoyed the luxury of one post-office for the ~~the~~ whole township.

Clarke

Quite a number of changes are taking place among the farmers in the immediate district. Mr. Robert Clarke has moved to Sand Hill; Robert Childs has moved to Alfred Thompson's farm, the latter removing to Toronto; Geo. Oldfield has gone to the Graham farm at Coventry; Edw. Wilson has moved to Stewart Cameron's farm on the outskirts of Bolton.

Lease to Hugh Clark for Clergy Reserve Lot 12, Con. 5, W.C.R.
12 Aug. 1831. Hugh Clark transfers half of Lot 12, Con. 5

Dept. Com. Crown Lands,

do do

Sir:

William Gardiner who has resided for many years under a lease on the $W\frac{1}{2}$ Lot 12, Con. 5, W.C.R. Twp of Ching. H.D. has been trying for 3 yrs. past to purchase the lot as he was permitted to do under an order in Council granted him the 26 Nov. 1838. I made application for him to the Commr. Crn. Lands in Apr. 1842 to be allowed to complete the purchase, and recd. an answer from Mr. Davidson stating that altho' the order in Council was passed in his favor to purchase the lot at 14/6 p. acre it could not be carried into effect until the clergy Lands were again declared open for sale, which being now the case he has again applied and is informed that he cannot purchase altho' he understood a fresh valuation had been put upon the lot. This man complains bitterly of the injustice done him and urges upon me again to solicit that the promise made him may be fulfilled as he has now again scraped together the money to purchase, and if further delay occurs he may have to make use of it for other purposes and then not be prepared when required.

re Lot 12, Con. 5.

Toronto, 15 Dec. 1845.

(cont'd)

I respectfully request your attention to this mans case, and shall feel much obliged by receiving an early answer from you in which I trust you will allow him to purchase without further delay and if possible at the former valuation as it has not been his fault that he did not before complete his purchase as allowed in the order in Council before alluded to.

Dear Mr. Perkins Bull:-

As promised you at the Loyalist reception at the Art Galleries on Thursday evening last, I am sending you some material copied from an old bible in my possession, dated 1828, which shows just how your people and mine were more or less interested in each other 100 years ago. This explains why my mother who was a daughter of Samuel Clarke was a great friend of your aunt Mary Carpenter Hill. Is it possible that Wm. Byles Carpenter was Mary Hills brother or uncle? At any rate it seems quite clear that my grandfather Samuel Clarke married the widow of Wm. Byles Carpenter after Clarkes first wife who was my grandmother, died. That is why I came to have that photo of Mrs. Hill in my possession,-the one I gave you some time ago.

The other material in the old bible is relative to a long line of my own people the Clarkes. Carpenter evidently died quite young.

I hear that you are coming into the Loyalist Association, and when you do, we can possibly have further conversation along these lines. I do know that Mary Carpenter Hill and her husband at one time had a store in Port Robinson and were great friends of my grandparents who also lived there then.

Yours very truly

(Mrs. J.A.) Mary C. Harvey.

Copied from an old leather bound bible in which is a record of births, deaths and marriages of the Carpenter and Clarke families.

Wm. Byles Carpenter first married Eliza Hopkins and they had one son who was named Thomas Talbot. When Wm. Byles Carpenter died his widow married my grandfather Samuel Clarke, whose first wife, Abigail Land, had died in 1847.
